

Dr. Verena Schramm

Advisor & Consultant

Who I work with

Life Sciences and Diagnostics companies and investment firms to turn scientific ideas into strategy and measurable business impact.

What I offer

Strategic Advising – From market insights to commercial roadmaps

Fractional Chief Product Officer – Senior product leadership without a full-time commitment

Mentoring & Coaching – Developing the next generation of product leaders

Why clients work with me

- 15+ years in development, management and marketing of reagents, services and software products
- PhD-level scientific expertise with executive-level strategic thinking and understanding
- Boutique, hands-on partnership style working alongside the leadership team
